## Translations of Guidelines and Directives from FGSV

Effective: 7. March 2025

*Download free of charge: [www.fgsv-verlag.de](http://www.fgsv-verlag.de)  
Please take PDF format from [www.fgsv-verlag.de](http://www.fgsv-verlag.de)*

FGSV-Nr.	Title
121 E	<b>RIN</b> – Guidelines for Integrated Network Design Edition 2008, Translation 2023, 68 S. A 4
172 E	<b>EVC</b> – Recommendations on Traffic and Crowd Management for Events Requirements, Standards and Options for Action for Consideration in the Planning, Approval Processes and Putting on of Events Edition: 2022 / Translation 2024, 176 S. A 4
200 E	<b>RASt</b> – Directives for the Design of Urban Roads Edition 2006 / Translation 2012, 132 S. A 4
201 E	<b>RAL</b> - Guidelines for the Design of Rural Roads Edition 2012 / Translation 2024, 136 S. A 4
202 E	<b>RAA</b> – Guidelines for the Design of Motorways Edition 2008 / Translation 2011, 120 S. A 4
321 E	<b>RiLSA</b> – Guidelines for Traffic Signals – Traffic Lights for Road Traffic Edition 2015 / Translation 2021, 88 S. A 4
433 B 5 E	<b>AP Trag Part B 5</b> – Working Paper Bearing Capacity of Asphalt Pavements <b>Part B 5</b> – Traffic Speed Deflectometer (TSD) – fast moving measurement system: description of equipment, taking measurements Edition 2015 / Translation 2017, 15 S. A 4
496/1 E	<b>Working paper Sensors for the Structural Assessment of Roads</b> Edition 2022 / Translation 2024, 36 S. A 4
499 E	<b>RStO</b> – Guidelines for the standardisation of pavement structures of traffic areas Edition 2012 / Translation 2015, 56 S. A 4
591/ B 8.3 E	<b>TP BF-StB</b> – Technical testing regulations for soil and rock in road construction <b>Part B 8.3</b> – Dynamic Plate Load Testing with the Light Drop-Weight Tester Edition 2016 / Translation 2018, 16 S. A 5
591/ B 8.4 E	<b>TP BF-StB</b> – Technical testing regulations for soil and rock in road construction <b>Part B 8.4</b> – Calibration Rules for the Light and Medium Drop-Weight Tester Edition 2016 / Translation 2018, 32 S. A 5
599 E	<b>ZTV E-StB</b> – Additional technical conditions of contract and directives for earthworks in road construction Edition 2009 / Translation 2012, 112 S. A 5
610/5.4.4 E	<b>TP Gestein-StB</b> – Technical testing regulations for aggregates in road construction <b>Part 5.4.4</b> – Determining the polishing value of coarse aggregates using the Wehner/Schulze test method (PWS) Edition 2020 / Translation 2025, 12 S. A 5
610/6.6.3 E	<b>TP Gestein-StB</b> – Technical testing regulations for aggregates in road construction <b>Part 6.6.3</b> – Water susceptibility of fine aggregates – Shaking abrasion method Edition 2018 / Translation 2021, 22 S. A 5
610/8.3.1 E	<b>TP Gestein-StB</b> – Technical testing regulations for aggregates in road construction <b>Part 8.3.1</b> – Determination of the infiltration coefficient by the vertical tube infiltrometer Laboratory method Edition 2012 / Translation 2018, 12 S. A 5

FGSV-Nr.	Title
610/8.3.2 E	<b>TP Gestein-StB</b> – Technical testing regulations for aggregates in road construction <b>Part 8.3.2</b> – Determination of the infiltration coefficient by the modified vertical tube in infiltrometer – In situ method Edition 2012 / Translation 2018, 12 S. A 5
613 E	<b>TL Gestein-StB</b> – Technical Delivery Terms for Aggregates in Road Construction Edition 2004 / Version 2018 / Translation 2021, 80 S. A 5
634 E	<b>M EHS</b> – Fact sheet on the use of ferrous slag in road construction Edition 2013 / Translation 2019, 26 S. A 5
720 E	<b>AL DSR-Prüfung (BTSV)</b> – Test description for determining the deformation behaviour of bitumen and bituminous binders using a Dynamic Shear Rheometer (DSR) <b>Part 4</b> – Binder Fast Characterisation Test (BTSV) Edition 2017 / Translation 2018, 16 S. A 4
721 E	<b>AL DSR-Prüfung (konstante Scherrate)</b> – Test description for determining the phase transition temperature of viscosity modified binders using a Dynamic Shear Rheometer (DSR) <b>Part 3</b> – Testing with a constant shear rate Edition 2017/ Translation 2018, 20 S. A 4
733 E	<b>H VVA</b> – Notes on reopening asphalt pavements to traffic Editon 2022, 28 S. A 4
735 E	<b>H VAE</b> – Guide to the production of asphalt pavements. Guidance for ensuring that smoothness meets requirements Edition 2019 / Translation 2020, 86 S. A 4
891 E	<b>TL Beton-StB</b> – Technical delivery terms for materials and material mixtures for base courses with hydraulic binders and concrete pavements Edition 2007 / Translation 2012, 52 S. A 5
899 E	<b>ZTV Beton-StB</b> – Additional technical conditions of contract and directives for the construction of base courses with hydraulic binders and concrete pavements Edition 2007 / Translation 2012, 96 S. A 5
960	<b>Access Roads in Rural Areas – Crossing of Watercourses and Surface Drainage</b> Handbook for Construction and Maintenance in Developing Countries (original English). Edition 2003, 56 S. A 5 <i>It is possible to lend this book from the FGSV-library: <a href="http://www.fgsv.de">www.fgsv.de</a></i>
990 E	<b>R Climate 2022 – Recommendations on the Application and further Development of FGSV Publications in the Field of Transportation to achieve Climate Protection Targets</b> Climate-relevant Specifications, Standards and Options for Action for Consideration in the Planning, Design and Operation of Transportation Services and Transportation Facilities Edition 2022 / Translation 2024, 28 S. A 4

## French

FGSV-Nr.	Title
960 F	<b>Pistes d'accès en milieu rural.</b> Franchissement de cours d'eau et drainage de surface Edition 2003 / Traduction 2012, 62 S. A 4
